As a result, the carrying amount of fixed assets has been written down to their recoverable amount, and an impairment loss of 918 million yen under extraordinary losses.

Furthermore, this impairment treatment will have no impact on cash flows for the fiscal year ending March 31, 2026, and there is no change to the dividend forecast from the previously announced forecast (year-end dividend of ¥42.5 per share and annual dividend of ¥85.0 per share).
